Office Action Summary

Art Unit: 2839

The terminal disclaimer filed on March 10, 2003 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of U.S. Patent No. 6,164,989 has been reviewed and is accepted. The terminal disclaimer has been recorded.

In last amendment, see page 4, should claim 127 have been included or should it have been canceled?

Claim 127 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 127 is inconsistent with parent claim 124 and also improperly repeats claim 124 limitations.

Claims 80-85, 94, 117-128 and 133-138 are rejected under 35 U.S.C. 103(a) as being unpatentable over Aldous 404 in view of Siemon, Hardesty, Clark, Ingalsbe and Research Disclosure (RD).

See last office action. For claim 124, obvious to use Aldous, fig. 8 card with RD adapter formed with a receiver having a movable bottom in view of Aldous, fig. 20 at 160. This would enable a smaller adapter to be used.

Applicant's arguments filed with the last amendment have been fully considered but they are not persuasive.

The arguments appear directed to the Aldous, fig. 10 therefor are not persuasive since the rejection is relying on the figs. 7, 8 cards applied together with the secondary references. No

Art Unit: 2839

arguments refer to these embodiments or to the claim 124 device with a retractable bottom.

Claims 119-121 relate to use of known devices and do not appear to be at issue.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Any inquiry concerning this communication should be directed to N. Abrams at telephone number 308-1729.
